## PLEASE JOIN US.

Visit our facilities, talk to our industry experts, and enjoy lunch. Leave with industry knowledge to help you plan for a more profitable future.

- Learn how to turn your investments into profits
- Observe our industry-leading equipment in action
- Experience behind the scenes operations
- Tour our state-of-the-art manufacturing facility
- Understand how GK supports Industry 4.0

## #DISCOVERGK

GK's specialty is solving tough process challenges that others can't. As an engineering company at heart, with abundant technical application knowledge, we make world class equipment.

You may have seen our units in the field and know its durability and quality – but have you met our people? That's what truly sets GK apart.

**Let's work together!**

5050 Rickert Rd.  
Crystal Lake, IL 60014
